FACIAL & BODY CARE

Active Vitamin Treatment

(3 Areas) 1 hr £55

Advanced Active Vitamin Treatment

(10 Areas) 1 hr 30 mins £75

Packed with nourishing, anti-ageing ingredients, the Active Vitamin Treatment will leave your skin looking radiant and dewy. The freshest, most active forms of Vitamin A, C and Anti-Oxidants are driven deep into the lower layers of the skin using soundwaves and small electrical pulses. This scientific approach stimulates Collagen to soften lines and improve elasticity, increase hydration and boost radiance. The Active Vitamin Treatment is suitable for all skin types and is particularly effective at addressing sun-damage, pigmentation, premature ageing, dryness, uneven skin tone and scarring with measurable differences after just one session.

Collagen Power Facial

(3 areas) 1 hr £65

(10 areas) 1 hr 30 mins £85

This peptide-packed facial helps to boost collagen, soften fine lines and tighten lax skin, resulting in a more youthful appearance. Ideal for targeting mature or photo-damaged complexions. The treatment uses gentle soundwaves to drive a special nutrient packed serum deep into the lower layers of the skin. The formula contains a unique combination of three peptide complexes* which work in synergy to give skin a plumper, more radiant appearance.

Hydraboost Treatment

(3 areas) 1 hr £65

(10 areas) 1 hr 30 mins £85

The perfect antidote to dry, lacklustre skin, this intensive treatment deeply hydrates while plumping and firming the skin. Based on Hyaluronic Acid, which holds 1000 times its own weight in water, it helps to reduce fine lines caused by dehydration and increase the plumpness of the dermis, resulting in moisturised, glowing skin.

FACIAL & BODY CARE

The Frown Treatment

45 mins £75

This highly effective treatment uses a special penta-peptide serum to target frown lines and achieve dramatic results. The unique combination of active ingredients is driven deep into the skin to soften lines and reduce muscle tension in the forehead helping to prevent new lines forming. The treatment targets the same chemical complexes as injectables without the associated risks.

Precision Treatment

30 mins £35

This time effective treatment targets specific areas of concern using unique skin care techniques that ensure effective results. This treatment is perfect for when your time is limited.

Purifying Treatment

30 mins £35

Created to purify micro-exfoliate and re-hydrate your skin, this particular treatment assists with the treatment of acne, scarring and deep skin congestion. The combination of scientifically advanced products and techniques revives and refreshes your skin, leaving your skin feeling like new.

Cool Peel Treatment

1 hr £65

This revolutionary approach to peeling achieves incredible results without damaging the skin. Low strength Lactic Acid is used to reduce the skin's PH and trigger the release of growth factors, which creates tighter, smoother skin. It destroys bacteria, boosts hydration and removes the build-up of dead skin cells, helping to decongest the surface and smooth its texture. The Cool Peel is ideal for clients with lines and wrinkles, rough or problem skin, sun damage and Rosacea.

Body Sculpt Treatment

1 hr £65

This effective treatment is a great way to help smooth stubborn cellulite while firming and tightening the skin. The active ingredients in Environs Body Profile Gel are driven deep into the lower layers to assist in the reduction of the 'orange peel effect' on upper thighs and buttocks leaving skin smooth and hydrated.
